

InstaVoice
ReachMe

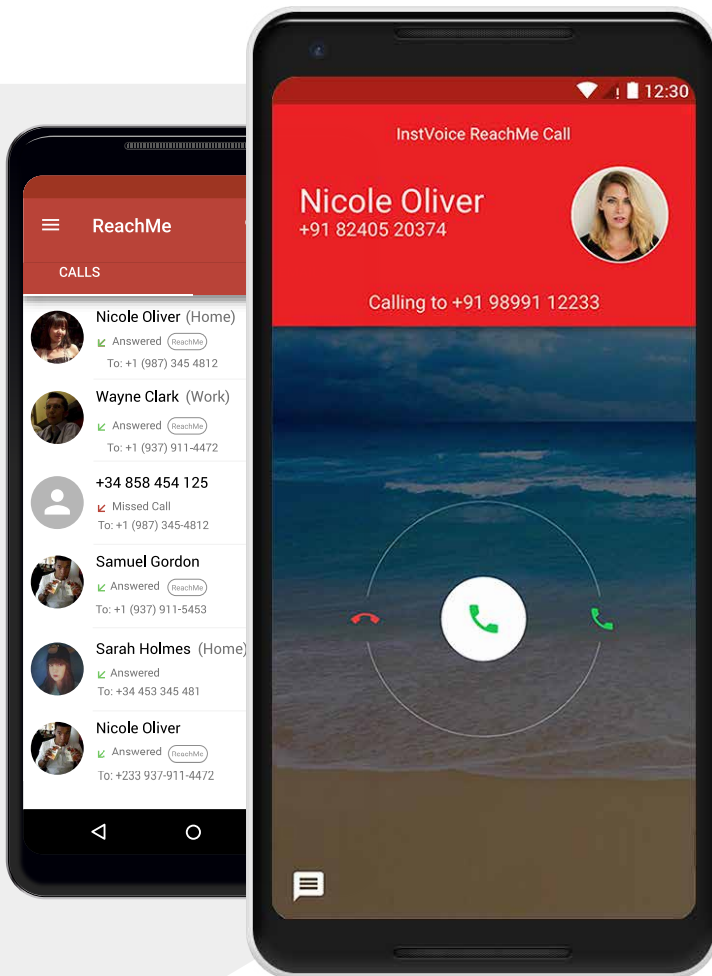

Free Incoming Voice Calls on International Roaming, with ReachMe

A new-gen hybrid-OTT voice-over-data solution, which supports GSM-VoIP call conversion, ensuring last-mile call connectivity to unreachable numbers.

While traveling abroad, users can receive free incoming calls over data in the app, even from people who do not have the ReachMe app on their phones.

A Seamless Voice-over-Data Calling Experience

- Mobile operator detects the called party's number to be unreachable and forwards the call to ReachMe
- ReachMe converts incoming GSM call to a VoIP call, answerable over data
- The called party answers the call via a smartphone app, completing last-mile connectivity

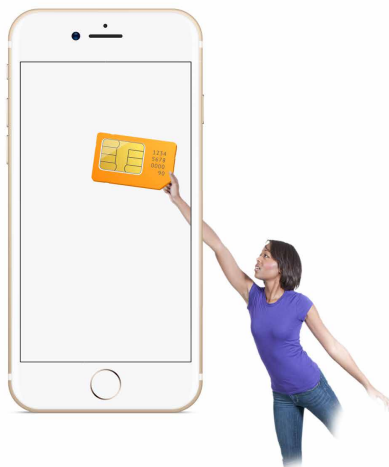

Travelling abroad?

Activate ReachMe and get free incoming calls to your own number! Save on roaming charges.

Need an international SIM?

Buy local or international numbers right from the app, and start receiving calls instantly.

Coming soon

Carry multiple numbers?

Link them to ReachMe and get free incoming calls for up to 10 numbers.

About Kirusa

Kirusa is a global leader in providing communication solutions over data networks for consumers and enterprises. Kirusa's solutions include **InstaVoice ReachMe**, a voice-over-data solution to help users receive their GSM calls over data in a mobile app, while helping carriers leverage the power of data to enrich the calling experience of their subscribers; **InstaVoice®**, a unique call completion solution for users that bundles voicemail, missed calls, availability, and ring, and helps mobile carriers monetize missed calls in their networks; **Kirusa Konnect™**, a Communications Platform as a Service (CPaaS) for enterprises that helps bolster enterprise-customer engagement over mobile channels; and **Kirusa Channels™**, that offer users access to live voice blogs from their favorite celebrities, sports clubs, news portals and other streams. Kirusa solutions are deployed in 46 countries, with 50 mobile carrier partnerships in Africa, Asia, and LatAm. Kirusa solutions are built on its patented technology and highly reliable, scalable multimodal & cloud platforms, which manage over 2.5 billion calls and 100 million active mobile users across the globe, every month. Headquartered in New Jersey and led by an experienced team of wireless telecom executives and technologists, Kirusa has offices in four continents. For more information, visit: www.kirusa.com
